INTRODUCTION

The third edition of the book, containing information about championships of former Soviet Union Republics, is finally out. The delay in publishing this edition appeared because of financial difficulties, but I am happy that I still managed to publish it.

And despite it was delayed it contains information never published. For the first time you can find appearances and goals for clubs of Moldova, Armenia and Georgia. I realise, that reading information about 1993/94 championship of Estonia, Lithuania, Belarus, Ukraine, Moldova, Azerbaidjan and Georgia in October 1995 could be considered too late, but I think some part of the information is so unique, it does not matter, when it comes out.

Thank you for subscribing the book and I hope you will be with me for next books or other publishings.

I wish once more sincerely thank Eduard from Moscow for his valuable help in compiling the book and Tõnu from Tallinn for helping me publishing it.

Yours sincerely,

MARGUS LUIK
Editor
